New Series Pontiac Six, \$745 to \$875. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Balanced performance. Performance that offers power and stamina . . . acceleration and speed. None of these elements emphasized at the expense of others . . . but all provided in generous measure. That's the kind of performance you want on the farm.

★ ★ ★

And that's All-American performance . . . resulting from All-American principles of design. Snap and speed whenever you want to use it. Power and stamina to stand the roughest grind.

★ ★ ★

Here's a whispering brute of an engine . . .

with 212 cubic inches piston displacement . . . 81-lb. crankshaft . . . Harmonic balancer . . . the G-M-R cylinder head. Here's a deep and rugged chassis . . . with a rigidly cross-membered frame. A big, self-adjusting clutch. Smooth-shifting transmission. Instant-action four-wheel brakes.

★ ★ ★

And, in addition, here are bodies by Fisher. Roomy and sturdy as well as beautiful and smart. Here's a six that offers smooth, comfortable, dependable transportation for city or country home . . . one that the entire family can be proud to own and drive.
