

## You only think you're not an enthusiast!

For every Corvette owner who regularly runs in sports car rallies, there's one who uses his Corvette exclusively for bread-and-butter transportation. The Corvette brings a kind of pleasure to each man's driving that he couldn't get anywhere else. It can take the unpleasantness out of heavy rush traffic, just the way it turns an ordinary country road into something very special. Why? Because few cars from this or any other country can come remotely close to it for flashing performance, good handling and hair-trigger responsiveness. Don't take our word for this; drive one. Unless you're accustomed to driving sports cars in the ten to fifteen thousand dollar category, you'll be absolutely astonished. The Corvette is an outstanding combination of performance and luxury that really belies its relatively low price. With extra-cost options like Powerglide and electric windows or with Fuel Injection and four-speed Synchro-Mesh transmission, it's really something! Try one. The feeling it imparts will make you chuckle with pleasure, just driving the son-of-a-gun around the block.
