COMBUSTION CHAMBERS**

WINNING COMBINATION:

Your Power Products
AH-58 Engine

plus

Go-Power
ACCESSORIES

Go-Power Adapter Manifold

Go-Power adapter manifold with pyramid-reed assembly raises stock AH-58 from 5.5 HP to 6.3 HP, with no other changes. Cast-on stuffer accounts for 0.3 HP of over-all increase. With reed, \$7.95; without reed, \$4.45. Postpaid.

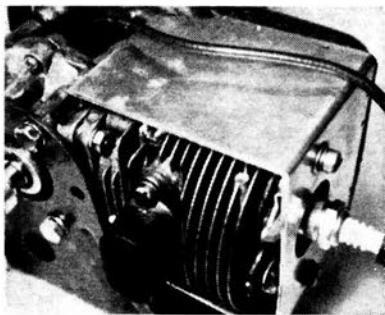

Go-Power Pistons

Increase the HP of your Power Products AH-58 to 7.6 HP, and your top RPM to 11,000, when you use these pistons with Go-Power pyramid-reed adapter manifold. 1/16-inch rings eliminate ring flutter which limits stock 0.090"-ringed 58's to 7,500 RPM. \$8.45 postpaid.

Go-Power Engine Shroud Assembly

Promotes better cooling, easily installed on AH-58. Engine reliability promoted through use of four 2 1/2 x 1/4-20 Allen screws and nuts (supplied with assembly) to attach stock cooling shroud to crankcase assembly. \$2.90 postpaid.

COVER

What could be a more spine tingling thrill than motoring along in a fine handling roadster with a pretty girl at your side? Of course, the driving is only half the fun, since Keith Heiskell and his father, Roy, of Albuquerque, N.M., spent many hours of painstaking and loving effort in building up a car to be proud of. HRM contributing photographer Harry Kinney snapped this color transparency of Keith and friend Susan Gillesen as they toured through the hills on New Mexico State Road 44 northwest of San Ysidro.
