

# It Rams More Than Just Air.

## *True Value Presents The 1996 Firebird IROC Series.*

This year, the 12 champions of the IROC Series will duel it out in specially modified RAM AIR Pontiac Firebird® Trans Ams. But no matter who comes in first, you win. Because the car they race has the same basic specifications as the Firebird you can buy. With this much performance separated only by the luck of the draw and the driver's competitive instincts, the Excitement can't be far behind.

*True Value*
