

# Rambler

## Closed Cars

**T**HE Rambler closed car makes a delight of the winter errands. Protected from penetrating winds or storm, it takes you quietly and comfortably to business, theater, shopping or calling. The cab sides, glass front, fore doors and storm curtains protect the occupants of the front seat. Seating capacity inside for five. Trimming, blue broadcloth. Deep upholstery, 120-inch wheel base, Rambler seven-eighths elliptic rear springs, shock absorbers and 37 x 5-inch wheels and tires produce gratifying comfort. The offset crank-shaft and straight-line drive provide flexibility that permits throttling down on high gear no faster than a man usually walks. This avoids much gear shifting and adapts the Rambler closed car to town needs. With its collapsible top and removable windows, the landaulet may be converted into an open car for summer. This feature, its 5 x 5½ motor, delivering forty-five horsepower, and the large wheels and tires adapt this landaulet also to touring.

Rambler closed cars are made in landaulet, limousine, town car and coupe styles. You may inspect them at Rambler branches and dealers stores in principal cities.
